The *MISSION* of the Alliance is to research and promote business and community growth development and UNITY, to strengthen and increase community values, and to improve the quality of life for the entire county.

Without the support of the citizens of our community, there would be no Alliance. We encourage the active participation of all our members on a Alliance Committee. If you would like to serve on a committee, please contact the office today!

But, even if your time is limited, The Alliance still needs your financial support. No matter how good the ideas, they can't be carried out without the necessary funding. Through your yearly Alliance investment, you provide the means to make the Alliance work.

As a member of the Alliance, I accept the challenge to make Noxubee County a better place to live and work.
